

## International PGMs Tech Innovation and Development Summit 2020 Agenda

Dec 3rd			
Time		Agenda	Guest
Evening	18:00-20:00	VIP Guests Dinner	VIP guests and government officials
Dec 4th			
Time		Agenda	Guest
Morning Main Forum	8:30-9:00	Guests Sign-in	
	9:00-9:10	Opening Speech	Government Officials
	09:10-09:30	Host Speech (video): Platinum's benefits to human society	Paul Wilson, CEO of WPIC
	09:30-09:35	Guest Speech	Tao Minghao, President of China Gold News
	09:35-09:40	Guest Speech	Cui Jianguo, Vice President of China Gold Association
	09:40-10:10	Keynote Speech: Prospects for Sino US trade relations after the US election	Zhang Zhigang, Former Vice Minister of Commerce
	10:10-10:40	Keynote Speech: Ecological construction of precious metals in new materials and new energy industries	Chen Wei, General manager of precious metals market development in Anglo American Asia Pacific region
	10:40-11:10	Keynote Speech: Market application of hydrogen fuel cell technology	Ma Jingnan, Vice President of REFIRE
	11:10-11:40	Keynote Speech: Yangtze River Delta hydrogen corridor construction, development plan and achievements	Dr. Zhang Yanfeng, Shanghai Partnership of FCV
	11:40-12:10	Keynote Speech: Platinum leasing promotes industry & financial cooperation - precious metal leasing business	Qiu Yi, Vice president of precious metals department of ICBC
Noon	12:10-13:30	Lunch Buffet	All participants
Afternoon Main Forum	13:30-14:00	Keynote Speech: Application of precious metal catalysts under the concept of sustainable development	Dr. Weiwen Dong, R&D Team Leader of Global Business Unit from Heraeus Precious Metals
	14:00-14:30	Keynote Speech: Industrial Exploration of Ji Chong Hydrogen High-power Metal Plate Stack	Dr. Fu Yu, President of Shanghai Jichong Hydrogen Technology Co., Ltd
	14:30-15:00	Keynote speech: Deducing the next stop of platinum by reviewing cobalt and lithium	Zhao Xin, Chief analyst of China Nonferrous Metals Industry
	15:00-15:15	Tea Break	
	15:15-15:45	Keynote Speech: Application and development prospect of platinum group metals in renewable energy field	Professor Chen Binghui, Xiamen University
	15:45-16:15	Keynote Speech: Application and development prospect of platinum group metals in vitro diagnosis	Professor Qian Kun, Shanghai Jiao Tong University

	16:15-16:45	Keynote speech (video): Venture capital in platinum group metal application technology	Kevin Eggers, Managing Partner of AP Ventures
	16:45-17:45	Round Table: focus on new business forms and business opportunities	Weibin Deng (host), BASF, REFIRE, Fortune Capital, Anglo, The Orange Group
	17:45-18:00	Lottery Drawing Activities	
Sponsor Sub Forum	13:30-14:00	Keynote Speech: Pt-containing catalysts for environmental emissions reduction: past challenges, applications, and future opportunities	Frank Chen, Vice President, Environmental Catalysis Research, Asia-Pacific R&D, BASF
	14:00-14:30	Keynote Speech: Technical application and development prospects of platinum group metals in the field of catalytic combustion of VOCs	Professor Guo Yanglong, East China University of Science and Technology
	14:30-15:00	Keynote Speech: Trend and impact on PGM demand of China's automobile emission policy	Yang Hongsong, Project Director of Beijing Cadaque, China Automotive Technology Research Center
	15:00-15:15	Tea Break	
	15:15-15:45	Keynote Speech: Analysis on the new policies of model cities and their influence	Tang Weibo, Chairman and CEO of Trend Bank
	15:45-16:15	Keynote Speech: Pt is the CATALYST that makes the fuel cell work well!	Dr. Siyu Ye, Vice Chair and Chief Technology Officer, SinoHykey
	16:15-16:45	Keynote Speech: Innovation Investing - Fundraising Today for Tomorrow	Qin Han, Head of China BASF Venture Capital
	16:45-17:45	Live broadcast of the round table at the main venue	
	17:45-18:00	Lottery Drawing Activities
